School Site Council Meeting Minutes
February 4, 2025
5:20 PM

In Attendance: Passeri, Crotty, Nucefora, Al-Rekabi, Phan, Santos, Condo, Schiffer, Lopes

1. February Acceleration Academy: The curriculum office has awarded us funding to run an acceleration program. However, unlike last year, this is only for our school and we have autonomy to design this to best meet the needs of our students/school priority areas.

2. QIP: A Second Data Checkpoint: We reviewed data points for our QIP priority areas. No goals have been “completed” as of yet, but all are progressing—we were able to discuss some adjustments we are going to continue to make to help us as we continue to move forward.

3. Open Positions: We had all of our teaching positions listed on Compendium I, and para positions will be listed shortly for those paras that were either hired after Orientation Day, filled positions that had not been listed on a previous Compendia, or are filled by candidates not considered to have enough college credits to be considered highly-qualified. Paras can take an exam to earn this designation as well.

4. Budget/Building Improvements: We still have yet to hear back from Facilities with a price on how much our painting/cafeteria improvements will cost, but Dr. Passeri has been in discussions with the Central Office, and the money is set aside in the supply lines.

5. New Business: None

6. Adjourn
